## OFFICE OF MOBILITY MANAGEMENT
For assistance with trip planning tailored to your specific needs, contact the Office of Mobility Management at: 512-369-6047 or mytxride.com
Many older Americans think giving up the car keys means giving up independence. In the Austin metropolitan area, that does not have to be the case. This Ride Guide will aid you in finding the transportation option that best suits your needs or the needs of someone you know. The following are common situations and suggestions for how to remain mobile and actively involved in the community.

**IF YOU STILL DRIVE AND PLAN TO KEEP DRIVING AS LONG AS YOU SAFELY CAN:**

- Take a driver safety course designed for older drivers to keep your skills sharp. You will learn how to deal with changes in your vision, flexibility, reaction time and medications.
- Review driver safety resources so you spot potential problems before they become serious.
- Adjust your car for comfort and safety by following CarFit practices (see page 8--Adjusting Your Vehicle).

**IF YOU HAVE CUT BACK ON DRIVING AND ARE LOOKING FOR OTHER WAYS TO GET AROUND:**

- Use public transportation (taxi or bus) for rides to shorter destinations.
- If using the bus is difficult, you might be eligible for a volunteer service that picks you up at home and takes you to your destination.
HOW THIS GUIDE CAN HELP YOU

IF YOU ARE CONCERNED ABOUT A FRIEND OR FAMILY MEMBER WHO PROBABLY SHOULD NOT BE DRIVING ANYMORE:
  • Access publications that provide tips about how to talk to friends and family about driving.
  • Get the latest information about Department of Motor Vehicles’ policies on testing, reporting and license renewal.
  • Help the older driver get a formal driving assessment.

IF YOU DO NOT DRIVE, BUS ROUTES JUST DO NOT GO WHERE YOU NEED TO GO, OR YOU KNOW YOU CANNOT USE PUBLIC TRANSPORTATION:
  • Apply for a paratransit service like Access or CARTS.
  • Call a volunteer driving program to see if you are eligible for services.
  • Use a taxi for destinations that are not far from your home.

IF YOU NEED HELP FROM ANOTHER PERSON IN ORDER TO GO ANYWHERE:
  • Ask if your personal care service or home health agency has someone who can stay with you at the destination.
  • Inquire if family or friends can accompany you to destinations.
LICENSE RENEWAL FOR SENIOR DRIVERS
Texas drivers who are 79 years of age or older at the time their current driver license expires are required to renew their license in person at a local Department of Transportation office. Drivers over 85 years of age can only renew it for a 2-year period. In addition to taking a vision test, you may be asked to take a written knowledge test as well. In preparation for this, you can review the Texas Drivers Handbook and take practice tests before going for your license renewal.
For license-related inquiries, call 877-452-9060 or email webhelp@texasonlinehelp.com.

TEXAS STATE IDENTIFICATION
Many older drivers continue to renew their driver licenses even after “giving up the car keys” to have it for identification. Non-drivers can obtain a State Identification card that is an official document for identification.

Disability parking is available to individuals who have an approved disability placard or disability license plate. Physicians complete forms that you obtain from the county tax assessor’s office. Physicians must clarify whether your disability is temporary (6 months for $5) or permanent (4-year renewal cycle for no charge) and whether the reason is mobility, or non-mobility related.

The Disability Parking Placard is convenient to use when you are a passenger in someone else’s vehicle too.

AARP
The AARP Driver Safety Program offers local classes for drivers age 50 and over. Courses cover many topics related to being an older driver such as traffic rules, staying flexible, and medications. It covers normal age-related physical changes and how to adjust driving to allow for these changes. Many insurance companies offer a discount to AARP Driver Safety graduates.

For information on AARP Driver Safety courses in the area, and for other helpful information, call 888-AARP-NOW or 888-227-7669 or go to aarpdriversafety.org

ADAPTIVE DRIVING PROGRAM
St. David’s Rehabilitation Center offers a comprehensive driver evaluation and training program for people who experience medical or age-related difficulties that hamper the ability to drive a vehicle. Therapists use objective, standardized data from clinical tests and on the road driving to determine the patient’s ability to drive; ability to use adaptive equipment if necessary; and willingness to participate in training sessions. Recommendations may include advanced driver training or the need to defer from driving.

Adjusting to life without a car may be difficult at first. Hopefully, you have participated in the decision to stop driving and found other ways to continue your routine activities. Some tips may help to make the transition.

**REACH OUT TO OTHERS**
Many seniors have difficulty asking family and friends for rides. You can be proactive and make it comfortable for everyone. Perhaps your adjustment is easier if you keep your car and have others drive it. The first few times you try out a new service or ride the bus, make it fun by asking a family member or friend to ride with you until you feel more confident.

**STAY POSITIVE**
Use positive language to describe your situation. For example, think about the money saved on car insurance, maintenance, registration and gasoline. If necessary, it is one of the advantages of giving up your car and leaves you able to pay for alternative transportation. Thinking about your transition as something that you can handle will speed the adjustment.
IF YOU CANNOT GO OUT TO GET SOMETHING, HAVE IT COME TO YOU
Many stores will deliver their products straight to your door.

• Consider having your groceries delivered. Many stores have free delivery or deliver for a low fee. You can also ask your family, friends, or volunteers from your local community center, church, or synagogue, to pick up your groceries for you.

• Order your medicines by mail. Not only is this more convenient—it is often less expensive. Only order from pharmacies that you know and trust.

• Consider having your meals delivered to you or order meals online from a meal delivery service.

• Learn to shop on the internet. There are many conveniences and interesting information at your fingertips on the internet. Contact Austin Groups for the Elderly at 512-451-4611 or visit seniornet.org for special computer courses for older adults.
QUESTIONS TO ASK

CONSIDER THE FOLLOWING QUESTIONS BEFORE DECIDING ON A TRANSPORTATION OPTION:

1. What is the service area?
2. Is there a limitation on distance?
3. How much will the service cost?
4. Do insurance companies pay for rides provided by the service?
5. Are there requirements to qualify for the service? If so, what are they?
6. Is there an evaluation that must take place prior to the first ride?
7. Is there a required membership fee that must be paid before scheduling rides with the service?
8. How far in advance must riders make reservations?
9. Are rides available in the evenings, on weekends or on holidays?
10. Are rides only for medical appointments?
11. Is service only curb-to-curb or can riders have assistance?
QUESTIONS TO ASK

12. Are riders who use wheelchairs able to use the service?
13. Do riders stay in their wheelchair, or must they transfer to a seat during the ride?
14. Is there an escort or attendant in the vehicle with the driver?
15. Does someone stay with the rider during appointments?
16. Can a family member serve as an escort? If so, is there an extra cost associated?
17. Will there be a wait when picked up from home? If so, how long?
18. Will there be a wait when picked up for my return trip? If so, how long?
19. Will the driver or attendant come into the office/building for the return trip?
20. Will other passengers be riding? If so, what is the maximum length of time of the ride while others are being picked up or dropped off?

If planning to relocate, please consider available transportation options in your new area.
VOLUNTEER DRIVING ORGANIZATIONS IN THE GREATER AUSTIN METROPOLITAN AREA

The volunteers, who use their own vehicles, can serve as your companions while providing transportation.

Volunteers will drive you to the grocery store, bank, medical appointments, beauty shops, or on errands. You can also get a ride to attend social or recreational activities. You can ask for a round trip ride or a one-way ride.

VOLUNTEERS PROVIDE TRANSPORTATION BASED ON YOUR NEEDS

Curb-to-Curb:
You walk to the volunteer’s vehicle on your own when they arrive. The volunteer drops you off at your destination and returns to pick you up later for the return trip to your home.

Door-to-Door:
A volunteer comes to your door, assists you into the vehicle, and escorts you to the door of your destination. A volunteer returns later to pick you up and assists you home to your door.
Door-through-Door:
A volunteer comes into your home, assists you into the vehicle and escorts you into your destination, staying for the duration. A volunteer then drives you home, assisting you into your home.

- There is no charge to riders. Service is supported through contributions from riders and community funders.

- Enrollment is available to older adults who are still living independently in the community.

- Volunteers do not transport wheelchairs, but will bring a wheelchair to the car if there is one available at your destination.

- All services are based on volunteer availability; weekdays, evenings and weekends service, with 3-5 business days’ notice.

- Go to driveasenior.org for more information, find the agency located in your area and contact them for more information.

CARTS
CARTS is a legislatively created rural transit district serving the non-urbanized areas of Bastrop, Blanco, Burnet, Caldwell, Fayette, Hays, Lee, Travis and Williamson counties. CARTS provides community-based regional transportation throughout its District.

CARTS delivers transportation tailored specifically for each of the one hundred and sixty-nine communities it serves and provides predictable connections between these communities to the national intercity bus network, to CapMetro services and to the metropolitan center of the region. The service frequency in or to the various locales range from many times a day to once a month.

CARTS buses operate from 9 transit stations located strategically throughout the CARTS District, which are also Greyhound stations. These stations are located in Bastrop, Round Rock, Georgetown, Taylor, San Marcos, Smithville, Marble Falls and the CARTS Headquarters in Cedar Creek. CARTS opened two new locations in 2021, including the Richard A. Moya Eastside Bus Plaza and the Downtown Elgin station.

Established in 1978, CARTS is the longest serving public transit agency in the region, and has a reputation for
innovation, a practical approach to problem-solving and promoting partnerships to achieve its objectives of furthering regional mobility.

Where do you go for answers on aging?

Aging can create a variety of challenges for caregivers and older adults. Remaining independent and living with dignity become important issues.

Often, you may need advice from experienced and knowledgeable sources. That’s where we come in.

When you or someone you care for needs help, call us. We’ve got most of the answers. If we don’t have one for you, we know where to turn.

THE OFFICE OF MOBILITY MANAGEMENT
The Office of Mobility Management (OMM) strives to integrate our regional network of transit services to find ways that connect people to needed goods and services in our Central Texas area. The office is a collaboration between CapMetro and CARTS.

The Ride Guide is published in partnership with Aging Service Council.

An online version of this guide is available at: mytxride.com

The online guide has live links to all the web resources listed in this print version.
